Time: 18:00-20:50  
Venue: Room 2463 & Computer Barn C Rm 4578 (Week 5)  
Office: Room 3332 ( Lift3 ) By Appointment

### **Course Description**

This course provides an overview of the various forms of Photography, explores the relationship between visual communication and art. The course will examine the collaborative process between light and graphic, concepts and skills. The increasing influences of images and trends from visual media will also be discussed.

### **Camera Requirement**

Students need to bring their OWN camera (**NOT smart phone**) to class, which need not to be a professional one, but it should be equipped with “**Manual mode**” in the shooting mode setting (e.g. M mode).

### **Intended Learning Outcomes**

Upon completion of this course, students are expected to be able to:

1. Understand the usage of camera and lens, skills of photography
2. Apply photographic styles, compositions, usage of light and visual elements
3. Analyze photos through case studies, and the influences in the society
4. Explain the taught concepts and apply analytical skills to photography in both oral and written format”
5. Develop a theme, interpret a concept by a series of photos

### **Assignment Submission Policy**

1. All photos must be taken on for after the course started, no old photos will be accepted.
2. All photos must be taken in the highest resolution setting of your camera.
3. Slight images adjustment / enhancement are acceptable.
4. Rename every photo with your name and append it with three digits numbering in ascending order.
